

PRODUCT CATALOGUE 2019

WHERE IMAGINATION BECOMES REALITY

Airmax Inflatables Ltd are one of the longest established bouncy castle hire companies in the country. The company was formed in 2000, starting off as a small bouncy castle hire company, specializing in the hire of bouncy castles to customers in Kilkenny, Carlow, Waterford, Wexford and the surrounding areas. Over the last 19 years, the company has grown from strength to strength and we now specialize in bouncy castle hire, inflatable sales, manufacturing, and in recent times, Event Management.

The company was founded by James Oakey Managing Director, who has over 20 years' experience of dealing with customers in Kilkenny and the South East. To date we provide a huge range of inflatables, amusement rides such as Rodeo Bulls, Wipeout Machines, Bungee Trampolines, games, entertainers, etc. We are your one stop shop for all of your Party Entertainment needs. Airmax Inflatables Limited is part of the Airmax Group which is made up of Airmax Inflatables Limited, Bounce Zone Ireland, Rodeo Bull Hire, Airmax Events www.airmaxevents.com and Bungee Trampoline Sales www.bungeetrampolinesales.com

Our head office is based in Kilkenny, with offices also based in Co Dublin where we also specialize in bouncy castle hire covering all of Dublin County. We are currently entering our 18th year in business and have managed to bring in some amazing one off bespoke designs to the market. Throughout the last 10 yrs we have taken over a county Dublin based Rodeo Bull company Bounce Zone Ireland based in South County Dublin, visit www.bouncezone.ie for more information.

Even through recessionary times we have continued to grow from strength to strength and this has enabled us to be in a position to bring in brand new bespoke designs annually. We gather feedback from our customers throughout the year through our customer survey reports to gauge what new designs and ideas can be brought to the marketplace. This enables us to work closely with our network of global manufacturers to design products that bring the wow factor and offer a truly memorable experience for our client base.

With our range of bouncy castles, we have been able to work with some of the biggest companies both national and multinational and provide entertainment for festivals and shows nationwide. Our work ethic which we feel is second to none, has allowed us to become so strong in the entertainment industry. From liaising with clients, follow up calls & emails & working closely with clients to manage each event. Our call out service and after sales service is a reference to how successful we have become in recent times.

We operate 7 days a week, our phones are always answered. We have a boomerang principal within our business and we strive to make sure that you will continue to do business with Airmax and we work very hard to make sure that our customer service is second to none

The difference between Airmax Inflatables Limited and our competitors is that we offer new bespoke products that are not mass produced and we ensure that your party/event will carry that unique experience.
